The "answer" is one of nature. Indeed — you can thank the fertile Amazonian rainforest and a doctor's steadfast research, her unrelenting perseverance.

Dr. Odilza Vital, M.D. is a scientist, a medical adventurer and a modern-day miracle worker. Not only that — in her native Brazil, Dr. Vital is hailed as a preeminent heroine of beautification across a country of the most stunningly 'ageless' and perfect-skinned people in the world.

In her professional capacity, Dr. Vital is an ingenious mainstream physician and an ardent practitioner of progressive, cutting-edge alternative therapies. Dr. Vital's renowned credentials read like a who's who of professional societies and scientific associations . . . and she is globally recognized for her revolutionary work in the fields of skin beauty and anti-aging.

Tireless effort . . . dogged determination . . . a biochemical mastermind. This is the resumé of Dr. Vital, and when she and her colleagues made their way back from the denseness of the Brazilian rainforest, they had something else even more precious and valuable . . .

. . . A rich and potent source of wonder herbs and a working formulation that would rock the cosmetological industry to its very core. They were inspired to create a

'breakthrough of breakthroughs.' A skin miracle. A compound like no other.

The BRAZILIAN BEAUTY SERUM!!

One application of the Brazilian Beauty Serum will convince you that this luxurious liquid you have just lusciously placed on your face is not available in any store, in any doctor's office, in any high-end retailer's cosmetic department, and certainly not in any swanky Beverly Hills salon.

No, absolutely. This compound is different, better, priceless, unprecedented.

46 nutrients and botanicals have gone into the composition of this one amazing topical serum. 46 UNIQUE CONSTITUENTS. Working synergistically, together, complementing one another biochemically and providing a collective therapeutic facial transformation that completely rejuvenates, tones, firms, smooths, refreshes, conditions and sculpts your skin into the most stunning picture of youthful, ageless radiant beauty you have ever seen!

In less than 30 seconds, you will look 10-15-20 years younger (guaranteed), as you give yourself an indescribable treatment that rivals Hollywood's most skillful, expensive cosmetic surgeries. But no cutting, no pain, no bandages . . . and no convalescence!

The Brazilian Beauty Serum works instantly. You merely apply a very thin, light coating of this ultra-rich, luxurious serum to your skin . . . you simply massage onto your face and neck using long, circular strokes. The formula penetrates on contact, dries rapidly and invisibly — and is 100% safe and effective for ALL SKIN TYPES.

*Safe — not a drug!*

Here is what will happen:

Within seconds, you will radiate an effervescent, glowing allure, and you will quickly become — AT ONCE — the gorgeous envy of the neighborhood and the coveted centerfold of that special someone's desires and captivations. (Yes, your face will look that electrifyingly beautiful. It is magical. It is a miracle.)

The Brazilian Beauty Serum is not a makeup. It is not a coverup. Not a worthless skin 'plumper' or a cakey camouflage. This formulation is a doctor-researched and a doctor-developed preparation. It is not a dangerous filler and it will not burn or damage your skin.

Please . . .

Do not confuse the Brazilian Beauty Serum with old-fashioned, cheap, pore-clogging, temporary anti-wrinkle ointments of yesteryear. PLEASE!! On the contrary, this compound is so technologically advanced and so precisely nutraceutically engineered (including utilizing the latest plant stem cell biochemistry) that it actually administers a whole new level of deep skin rejuvenation and treatment with each and every application. (And it works non-stop keeping your face unbelievably flawless and perfectly "line-free" throughout the entire day.)

This is GUARANTEED. This is unconditionally promised.

The Brazilian Beauty Serum is, in fact, a WORLD-CLASS BREAKTHROUGH. It is a breakthrough not because you can wear your favorite moisturizer or your makeup over it (which of course you can, if you desire!). It is a breakthrough not because it nourishes, lubricates, enriches, firms, smooths, minimizes and rejuvenates your face instantly with each and every application (which it does!) . . .

. . . The Brazilian Beauty Serum is a breakthrough . . . because, simultaneous to the FACE-SMOOTHING MIRACLE that takes place right before your very eyes — it continuously
