- Duplicell P199 contains the patent-pending "P199" peptide which triggers the safe arousal and regeneration of **STEM CELLS** in adult skin – it works on a cellular level to reverse the appearance of aging skin so you can look **YEARS YOUNGER** than your calendar age. (The "P199" peptide is *exclusive* to Duplicell P199. No one else has it.)
- Duplicell P199 is the world's first topical beauty cream that stimulates epidermal growth factors to start *reproducing* STEM CELLS and sending them to the surface of your skin as it did in your youth, when your face was **flawlessly-smooth and wrinkle-free**.
- Available directly to the public for the first time ever. Developed by the famed Dr. Boris Petrikovsky, M.D., who performs in-utero surgeries on babies before they are born and discovered that fetal surgeries heal with no sign of skin scarring whatsoever. Research showed this miraculous skin repair was due to a specific STEM CELL STIMULATING PROTEIN, which Dr. Petrikovsky successfully "copied" and formulated into Duplicell P199.
- Duplicell P199 works invisibly on your skin and can be worn with or without makeup. It is **100% safe** and *beneficial* for all skin types and ALL AGES. Perfect for women or men. Hypo-allergenic. Apply daily. Hailed as "**Facelift Without Surgery!**"
