

Miracle Weight-Loss Formula Hits World Market

Achieve Breakthrough Results . . . Desperate Dieting Is Out. Skipping Meals Is Out. Starving Your Body Is Out. Sweating In The Gym Is Out.

With *Kyto-Trim 3000*, simply take the formula as directed – and watch as the “naked beauty” returns to your figure!

TODAY, we have thrilling scientific news about an extraordinary weight reducing compound which is now available without a prescription and without a doctor's appointment or a risky medical procedure.

This revolutionary breakthrough is not a drug of any kind. It is not liposuction. Not a chemical that forces undigested food through the colon. In fact, the miracle presented in this special report is completely natural, non-toxic, non-addictive and 100% safe for daily use. No examination is required to begin the program — no screening, no labwork, no restricted foods, no calorie counting, no bariatric procedures and no dangerous surgery and difficult post-recovery. The formulation is manufactured in a state-of-the-art pharmaceutical laboratory under strictly controlled guidelines. It is *guaranteed* to work!

Introducing “Kyto-Trim 3000,” The Most Powerful, Effective — And The Most Comprehensive Weight-Reducing Tablet Ever Released.

Kyto-Trim 3000 is actually 3 nutraceutical tablets in *one* — a fat-blocker, a metabolism booster and an appetite suppressant. Each operating symbiotically within your system, working together biochemically and perfectly balanced to produce **DRAMATIC WEIGHT LOSS**...quickly, easily and safely. Simply take this formula as directed — *Kyto-Trim 3000* has no known side effects or health interactions. It is going to work for you without any risk whatsoever!

STATISTICS ARE FRIGHTENING. IF YOU WANT OR NEED TO LOSE WEIGHT, YOU ARE NOT ALONE . . .

Since 1980, worldwide obesity has more than *doubled*. It is so alarming that in 1997, the World Health Organization (WHO) formally recognized obesity as a global epidemic. A *Lancet* study conducted in 2014 estimated that the number of overweight adults in the world was 2.1 billion in 2013.

Moreover, 39% of adults aged 18 or older were overweight in 2014, and 13% were obese. 65% of the world's population live in countries where overweight and

obesity kills *more people* collectively than underweight. At least 2.8 million adults die each year as a result of being overweight or obese — making this condition the *fifth* leading cause of global deaths. In

Breaking Health News Regarding Weight Loss

the United States alone, 62% of the adult population are either overweight or obese, according to the Centers for Disease Control. And more than 9 million of America's children and teenagers are suffering with the same serious problem...**WEIGHT!**

If you are too heavy, particularly if you are more than just a few pounds overweight, you already know the looming health consequences. Labored breathing and respiration. Exertion on your heart. Insufficient oxygen uptake. Hypertension. Diabetes. Hormonal issues. Joint problems. Osteoarthritis. Even stroke and cancer. Plus psychological concerns — including low self-esteem, irritability, depression and other mood disorders.

PLEASE READ THIS IF OTHER DIETS HAVE FAILED YOU IN THE PAST: “Kyto-Trim 3000” Is So Effective In Trimming Off Weight That Users Are Excitedly Reporting It Takes The “DIETING” Right Out Of Weight Loss.

Perhaps you have tried to lose weight on one or more occasions? If so, you have probably starved yourself. Punished your body with grueling exercise. Endangered your health with stimulants. Exposed your well-being to physical and emotional side effects. Risked malnourishment. Suffered through days with listless, lackluster energy. Felt lousy. Washed-out. And then — after weeks of sacrifice, you anxiously stood on the scale to find that you had only lost a scant few pounds...or perhaps nothing at all.

Sadly, conventional dieting is a roller-coaster that rarely succeeds as planned. Even with the best of intentions and willpower, outside temptations, family pressures, social strains, food mislabeling, stress and many other factors can lead to discouragement and personal setback. It is

a vicious cycle that often results in anger, self-blame, pessimism, dejection, binge eating — and finally, *weight gain*.

Thankfully, and remarkably, today — the personal struggle of an overweight condition, the risks of yo-yo dieting, food deprivation, torturous exercise, unsatisfying meal replacements and chalky, foul-tasting shakes and powders are a thing of the past. *Kyto-Trim 3000* is indeed a scientifically formulated *Super-Tablet*, bio-engineered with the precise propriety of active constituents necessary to produce — at long last — dramatic, profound and *permanent* weight loss.

IN FACT . . .

The most amazing benefits of this commercially available, non-prescription tablet are literally how *fast*, how *effectively*, and how *effortlessly* it works to help you reduce. Age, ethnicity, gender, body type — it does not matter. *Kyto-Trim 3000* is not an ordinary “diet pill.” Just take the

formula as directed and watch in your mirror as pounds and inches of stubborn, pent-up fat and pockets of flab quickly dissolve and melt away. *Kyto-Trim 3000* is positively going to change your appearance *and* your life, and this is guaranteed.

Try It Today 100% Risk-Free.

Regardless of your current weight. No matter how many pounds you wish to shed — both women and men are resoundingly reporting *astounding* weight loss with *Kyto-Trim 3000*. Try it yourself. *Prove it to yourself*...you will literally *see* and experience the unbelievable results firsthand.

Please read the factual information inside this report which thoroughly explains how *Kyto-Trim 3000* works, then order this breakthrough formula for your own personal **NO-RISK HOME TRIAL**. There is nothing to lose except unhealthy pounds, inches, and ugly fat. *Kyto-Trim 3000* is going to dramatically change the way the world manages weight — forever!

MEN: LOSE WEIGHT EASILY

Feel Great, Look Great – No Dieting, No Energy Crash.

Kyto-Trim 3000's formula works in 3 remarkable, 100% safe ways, *simultaneously* — so you can lose weight fast without depriving your body of essential nutrients or exhausting yourself with long, agonizing days in the gym.

The scientific discovery of this revolutionary “Super-Tablet” has opened the door to a whole new level of *simplicity* in weight loss. Finally, the physical and psychological strain of *dieting* and of grueling willpower has been replaced by a manageable, *effortless* weight-reducing breakthrough which is as effective for men as it is for women — *Kyto-Trim 3000*.

Specifically, in one drug-free tablet, researchers have incorporated a triple-action compound that works instantly to 1) **BLOCK FAT**... 2) **BOOST YOUR METABOLISM**... and 3) **POWERFULLY YET GENTLY SUPPRESS YOUR APPETITE** so that your brain tells your body, “I am full, I am satisfied”... and you do not feel the compulsion or desire to overeat.

Frankly, as you have already read on this page, being overweight or obese — living with belly fat, heavy legs, flabby arms, a rotund buttocks — is neither sexy nor healthy. In fact, it is a precursor to illness, disease and incapacity, including cardiovascular problems, diabetes, stroke, breathing difficulties, joint issues — even cancer. Why risk it? *Kyto-Trim 3000* is unconditionally guaranteed to work without altering your lifestyle. You *WILL* lose weight!

GET RIPPED!

LOSE WEIGHT THE EASY WAY. ORDER KYTO-TRIM 3000 TODAY FOR YOUR RISK-FREE HOME TRIAL.

- Pouch stretching (over time, stomach may stretch back to its original size).
- Band breakdown (the band which closes off part of the stomach disintegrates).
- Staple lines erode (staples and band begin to fall apart, reversing the procedure).
- Stomach contents leak into abdomen (acid can eat away organs).
- Ongoing nutritional deficiencies (weakening the body and causing other health disorders).

AND AFTER THE SURGERY, HEALTH RISKS CONTINUE:

Cutting... Bleeding... Pain... And Yes – Even DEATH!

CAUTION: Gastric Bypass Surgery May Cause “Dumping Syndrome” The most common type of gastric bypass surgery (performed in the U.S.) is called *roux-en-Y bypass*, or *RYGB*. This surgery creates a small stomach pouch by stapling part of the stomach together or by use of vertical banding. A Y-shaped section of the small intestine is then attached to the pouch, allowing food to bypass the duodenum and the first portion of the jejunum (which is the part of the small intestine between the duodenum and the ileum). This causes reduced calorie and nutrient absorption. **DUMPING SYNDROME** occurs when the contents of the stomach move too quickly through the small intestine. Symptoms include weakness, sweating, nausea, faintness, and occasionally diarrhea after eating, as well as a inability to eat sweets without experiencing extreme weakness.

DANGER: GASTRIC BYPASS SURGERY CAN KILL YOU!

Finally... Researchers Discover Revolutionary 3-In-1 Super Tablet That Triggers Your Body To Lose Weight Without Dieting!

Now Available: A Prescription-Free, Drug-Free Scientific Breakthrough Tablet Called KYTO-TRIM 3000.

LOSE SIGNIFICANT WEIGHT QUICKLY, SAFELY - AND EASILY. NO MISSING YOUR FAVORITE FOODS... NO ENERGY BURNT!

RESULTS UNCONDITIONALLY GUARANTEED!

State-of-the-art nutraceutical compound combines a precise synergy of ingredients specially formulated to promote substantial weight loss in both women and men. No dieting. 100% safe!

Garcinia Cambogia (pictured below), is a tropical fruit which resembles a small pumpkin, and it grows on the *Malabar lamara* in your brain, which helps stabilize your mood and decreases the psychological impulses of emotional eating. AND — it helps in the management of the stress hormone Cortisol, which, when elevated, leads to the build-up of stubborn belly fat.

The fruit has been used for centuries as an ingredient in Indian curries and medicines, and since ancient times as a digestive aid. As with many fruits, it is the *fruit* which contains the most important and essential health-yielding properties — and it is the ground extract of *Garcinia Cambogia* that is used in the *Kyoto-Trim 3000* super-tablet is *chromium picolinate*, and according to the University of Pittsburgh Medical Center, *chromium picolinate* (chromium) is an essential trace mineral; *picolinate* comes from picolinic acid, which improves absorption in the body) seems to help BURN fat and build muscle tissue. Chromium may aid in treating high cholesterol and triglycerides as well — as reported by the University of Michigan Health System.

Garcinia Cambogia Is The Kyoto-Trim 3000 Formula. But There Is Much More...

Another vital nutrient in the *Kyoto-Trim 3000* super-tablet is *chromium picolinate*, and according to the University of Pittsburgh Medical Center, *chromium picolinate* (chromium) is an essential trace mineral; *picolinate* comes from picolinic acid, which improves absorption in the body) seems to help BURN fat and build muscle tissue. Chromium may aid in treating high cholesterol and triglycerides as well — as reported by the University of Michigan Health System.

The active ingredient "HCA" Blocks An Enzyme Called Citrate Lyase, Which Your Body Uses To Make Fat!

Remarkably, hydroxytric acid, HCA — successfully *inhibits* the action of the enzyme *citrate lyase*, and by doing so it prevents the conversion of carbohydrates into bodily fat. Thus, any fat consumed is quickly burned as energy, and unburned fat is harmlessly eliminated before it can be stored. Moreover, weight loss, particularly the *reduction* of belly fat, is triggered rapidly, almost instantaneously, since the body's stored fat must be utilized to fuel needed energy.

The dual functionality of *Garcinia Cambogia's* active ingredient HCA to boost heart disease, among other afflictions. *Overweight* and obesity leads to diabetes and *fat-burning*, plus curtail appetite cravings, many studies have shown that chromium plays a crucial role in insulin signaling and in controlling blood sugar. Keeping blood sugar in check enhances *weight and fat loss!*

Metabolic physicians will tell you that results when given *chromium picolinate*. The number are staggering. More than half of the 67.1 million obese people in the world live in the ten countries above, and in the U.S. alone, \$147 billion dollars is spent annually to treat obesity.

China and India collectively account for 15% of world obesity, and in the rates of Mexico, Colombia and Costa Rica, and the rates of obesity is approximately 57% for men, and 65% for women. It is a major epidemic.

Don't Gamble With Your Health... Restore It With The Weight-Reducing Miracle Of Kyoto-Trim 3000!

According to the World Health Organization, 44% of the diabetes burden, 23% of the ischemic heart disease burden and between 7% and 41% of certain cancer burdens are attributable to overweight and obesity.

If you are overweight or obese, you may decide to accept it and simply say, "I am comfortable and content in my body." But the truth is, with an overweight condition — your body and your health are under constant stress and may be in imminent danger.

In 2014 — 39% of the world's population of adults aged 18 or older were overweight. 13% were obese. The World Health Organization defines "overweight" as having a BMI (Body Mass Index) of over 25. With a raised BMI, diseases flourish, specifically: Cardiovascular diseases (primarily heart attack and stroke), which were the leading cause of death in 2012 Diabetes, especially endometrial, breast and colon

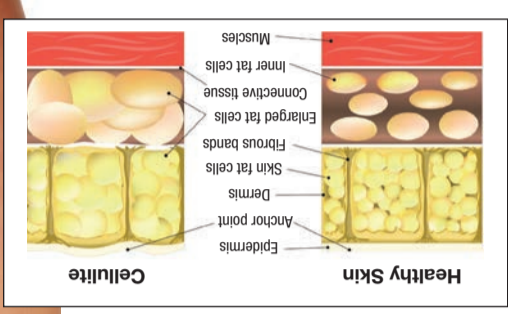

extremely disabling degenerative diseases of the joints Certain cancers, especially endometrial, breast and colon

Fortunately, today — the revolutionary breakthrough of *Kyoto-Trim 3000* is available for your No-Risk trial. *Kyoto-Trim 3000* is not a drug. It is 100% safe and has no known side effects or dangerous interactions.

Best of all, with this research developed and pharmaceutically manufactured super-tablet, you can now achieve dramatic weight loss effortlessly, without dieting... without eliminating your favorite foods... without starvation or time-consuming exercise... and without risky medical procedures. The *Kyoto-Trim 3000* formulation is a bio-nutraceutical wonder-compound, scientifically engineered for rapid weight loss regardless of your body type or metabolism. Prove it to yourself. Order now for discreet and direct shipment.

"No cellulite here!"

(And there won't be any on you, either!)

Cellulite is called *orange peel syndrome* or *collage cheese skin*. Scientifically, it is referred to as *adipose edematosa* or *dermatoglyphic deformans*. Officially, it is known as CELLULITE. Whatever you call it, cellulite is the build-up of fat beneath the skin — fat which appears bumpy because it is pushing against connective tissue (see diagram) ... causing the skin above it (the epidermis) to pucker.

We challenge you, today, to take the *Kyoto-Trim 3000 Risk Free home-trial "experiment"* and to watch in astonishment as pounds and inches of fat and flab simply vanish from your body. AND, as you goodyby forever from ugly dimpled, saggy, lumpy cellulite on your buttocks — and your thighs and legs.

If you are *wrong*. But you must prove it to yourself. You must visualize the extraordinary results with your very own eyes. Only then will you fully and irrevocably understand the miracle of this marvelous Super-Tablet. It is sensational.

Question: Have tried other diet products in the past without much success. Why will Kyoto-Trim 3000 work for me?

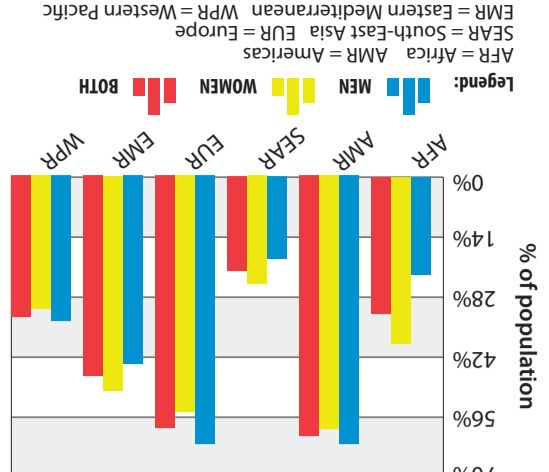

Answer: Kyoto-Trim 3000 has been pharmaceutically created as a 3 tablet *in one* formulation. It blocks fat absorption... it boosts your metabolism and it simultaneously suppresses appetite. No other weight-loss product sold anywhere offers this modality and revolutionary triple-action support. It is unprecedented.

Question: How much weight can I reasonably expect to lose?

Answer: Your current level of overweight is irrelevant. You can lose as much as 100 pounds or more with the *Kyoto-Trim 3000* formula. Simply take as directed — there is no prescription required. The pounds and inches will come off easily. This nutraceutical *Super-Tablet* has been engineered for rapid, permanent weight loss.

Question: According to the World Health Organization, what is the percentage relationship (male/female) of overweight and obese individuals worldwide?

Answer: See bar graph below

Questions And Answers About The Kyoto-Trim 3000 Formula...

Scientists Customize The Perfect "Diet Pill" Using Non-Drug Secrets Of Nature To Win The War On Fat!

Loss up to 20-50-100 Pounds or More Without Caffeine, Cravings, Calorie-Counting or Surgical Cutting.

The *Kyoto-Trim 3000* formula may be the most comprehensive nutraceutical ever devised for *Super-Tablet* ever developed. Scientists who created this breakthrough formulation were singularly committed to combine, in one fat and efficient compound ever devised for fast-acting, significant weight reduction.

The ingredient-combination had to be effective for both women and men, incorporate a potent, stable and biologically therapeutic capacity to burn and block fat, boost metabolism and suppress appetite so that weight-loss could be achieved without rigorous dieting or health risks. Trial and error testing led the pharmaceutical researchers to disqualify many substances altogether; others were eliminated due to inconclusive clinical data. The final customized formulation, now available for immediate purchase, represents an exciting new standard and next-generation advancement in weight loss and weight management.

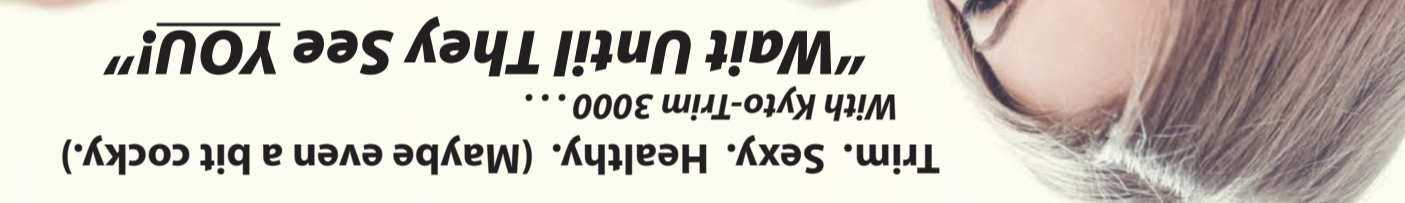

One Elite Super-Tablet...

White kidney bean extract and Chitosan have also been integrated into the *Kyoto-Trim 3000* formula. *White kidney bean extract* is an effective carbohydrate blocker — unabsorbed carbohydrates are simply passed from the body as waste. *Chitosan* is a naturally occurring substance which is "magnetically" attracted to lipids and acts as a *sponge* to prevent fat in the digestive tract from being absorbed. And, since *chitosan* is not digestible, it has no caloric value.

The *Kyoto-Trim 3000* formula is sold by direct distribution only. At this time, and is now available. There is NO-RISK.

White Kidney Bean Extract

White kidney beans produce a natural inhibitor which blocks the enzyme amylase in your body — which then effectively inhibits the absorption of carbohydrates. Unabsorbed carbohydrates easily pass through the body as waste.

Trim. Sexy. Healthy. (Maybe even a bit cocky.)

With *Kyoto-Trim 3000*...

"Wait Until They See YOU!"

PLEASE READ:

Kyoto-Trim 3000 represents a true scientific discovery in *weight loss and weight management*. The special report you are now holding has been authorized for delivery as a breaking public relations announcement and introduction to a pharmaceutically developed weight-loss treatment targeting worldwide obesity. *Kyoto-Trim 3000* may quickly surpass record-breaking international sales. You are cordially invited to judge the compound today on a Risk-Free basis and to experience the miraculous results for yourself regardless of any previous weight-related shortcomings. The *Kyoto-Trim 3000* tablet can be taken daily and has no known side effects. Of course, as with any health program or regimen, you should always consult with your physician first to make sure you are in good overall health. Satisfaction is 100% guaranteed or your money back.
