Scientists and top researchers believe the key to maintaining a youthful robust vibrancy lies in a hormone called HGH (Human Growth Hormone). This hormone is released by the pituitary gland, but *decreases* rapidly as we age. In fact, scientists have determined we lose as much as 75% of HGH levels between the ages of 20 and 70. Worse, they also believe that this profound loss of Human Growth Hormone is a primary cause of aging and all that aging entails. Loss of muscle mass. Weight gain. Failing sexual performance. Decreased energy. Poor eyesight. Wrinkled skin. Thinning hair. Weakened immune system. Lack of memory. Bone and joint problems — the list goes on. By age forty, virtually everyone has a HGH deficiency.

Boost HGH Naturally And Reverse The Aging Process

The good news is, studies have shown compounds called "secretagogues" can help stimulate the pituitary gland to release Human Growth Hormone *naturally and safely*, via oral supplements formulated from all-natural ingredients. In fact, clinical research has shown that specific *amino acids*, consumed orally, could

Top Anti-Aging Doctors Report on The Miraculous Benefits of HGH (Human Growth Hormone)

From Lawrence Dorman, M.D., a member of the American Academy of Anti-Aging: "HGH (human growth hormone) **stops** the aging process in the body and **reverses** many of the problems that are caused by aging, such as wrinkling skin, increased body fat, decreased muscle mass, increased cholesterol, decreased stamina and low energy."

From Ronald Klatz, M.D., a world-renowned expert on anti-aging and Founder and President of the American Academy of Anti-Aging Medicine: "By replenishing your supply of growth hormone, you can recover your **vigor, health, looks, and sexuality.**"

From Daniel Rudman, M.D., a pioneer in growth hormone research: "The overall deterioration of the body that comes with growing old is not inevitable. We now realize that some aspects of it can be **prevented or reversed.**"

(you pay just \$4.95 for shipping/handling*). Don't wait while your body gets older and more susceptible to injury and disease. By increasing the level of HGH, many signs of aging may be halted — *even reversed* — and those traits associated with youthful age and vitality may become significantly visible and give you these electrifying pronounced benefits: *Loss of fat and unwanted pounds, restored hair growth, return of natural hair color, fading of wrinkles and age spots, increased energy, restored sex drive, improved sleep, restored bone and muscle mass, sharper memory, greater healing capacity.* Call TOLL-FREE 1-800-000-0000 right now to get your **FREE** ChronoHGH sent directly to you!
