PROMISES MADE TO THE VETERANS...MUST BE KEPT

That's The Consuming Mission Of Veterans In Defense Of Liberty™ (VIDOL)

Veterans In Defense of Liberty™ (VIDOL) • P.O. Box 1821 • Merrifield, VA 22116-8021

When a man or woman volunteers to join the armed services, they take an oath of honor to maintain and uphold the laws of the United States, and a pledge of faith and integrity to obey and respect the dignity of the flag. In return, when the enlistment is completed, these valiant representatives have earned the right to be called an American patriot — and they deserve the full privilege of every benefit earned as a proud veteran.

Loyalty and commitment. Sacrifice and risk. The promise and observation of *both* must be upheld and supported. This is the belief of our organization, **Veterans In Defense of Liberty™ (VIDOL)**, and the basis for our existence. Our purpose is to continuously assist

Meet Dr. William Scott Magill

The highly respected man in charge of the Veterans In Defense Of Liberty™ (VIDOL) and a former enlisted representative of the armed services.

Dr. Scott Magill, the Founder and Executive Director of Veterans in Defense of Liberty™, was a service Marine and worked in the Army Medical Corps and private practice for more than 40 years. Dr. Magill understands the issues inside our VA Hospital system, and has real solutions to the problems and bureaucratic roadblocks. VIDOL's mission is to protect Veterans' rights and benefits promised by the U.S. government.

wounded veterans by lobbying congress on their behalf for the rights earned through their enlistment and heroic duty.

Today we ask for your support in helping us carry on the mission at hand. Through the generous donations of Americans like you, we are able to continue our commitment and advance the challenging task of aiding America's greatest heroes. Please enclose a gift of any amount if you can. Your contribution will be earmarked for one of our many ambitious goals — like those summarized at right and crucial to our agenda. Thank you so very much for helping our veterans!

The Veterans Deserve The Benefits Entitled To Them By Virtue Of Their Dedicated Service In Defense Of The Greatest Democracy On Earth . . . The United States Of America!

Here are the committed initiatives that our organization is fighting for:

- ➔ **Lobbying and Pressuring Congress** to end the VA's Secret Waiting Lists which has cruelly led to over 1,000 deaths. Most appalling — schedulers at the Veterans Health Administration have been directed to change appointment dates for many veterans who need to see doctors, leading to "secret waiting lists" that can extend a veteran's 'wait' for many months. VIDOL aims to end this deceptive practice.
- ➔ **End of Backlog on Disability Checks** which, on average — delay much-needed funds for 10 months. VIDOL is concentrating our efforts on expediting methods for disbursement of these checks which our veterans are entitled to for their brave and heroic service.
- ➔ **Tragic High Suicide Rate** of veterans requires intervention and ongoing therapy before our men and women become hopelessly disillusioned with life and the trauma of battle. Currently, veterans are committing suicide at the rate of almost one every hour of every day. This *must* be addressed.
- ➔ **Brain Injury Injustices** including undiagnosed brain injuries which are often not covered or receive a non-qualified treatment opinion at VA Hospitals. We are working relentlessly to ensure that veterans with neurological problems are getting proper diagnosis and treatment.

- ➔ **Addressing the Horrible Homeless** rate of veterans is another top priority of VIDOL. 10% of homeless people in America are vets. It is unconscionable to think that our patriots are living on the street. Proactive efforts are underway to reverse this human indignity.
